

Feb 17, 2017: Project Proposal Submitted

Week 1

Feb 20, 2017

- Google Cloud ML Platform
- TensorFlow Environment Setup
- Literature Review

Week 2-4

Feb 27, 2017

- Designing a Deep Network Architecture
- Implementation and Unit-testing
- Training on the YouTube Dataset

Mar 17, 2017: Intermediate Project Report Due

Week 5-7

Mar 20, 2017

- Analyzing Deep Features
- Refining Network Architecture

Week 8

Apr 10, 2017

- Buffer Time
- Final Experiments

Week 9

April 17, 2017

- Compiling Results
- Preparing Final Project Report
- Project Submission

Apr 24-26, 2017: Final Project Presentation
